

MIS Solutions - Manufacturing IT Case Study

Northbend Pattern Works | Integrated IT & Phone Partner

Objectives

Upgrade IT infrastructure, sync email across devices, reduce phone system costs, improve network reliability, and find a dependable IT partner.

Challenges

Outdated and non-standardized equipment, email sync issues, costly phone systems, slow network, unreliable backup solutions, needed ongoing technology guidance.

Solutions

Sought an IT manager, chose MIS Solutions for comprehensive support, including day-to-day IT needs, phone system service and support and technology project guidance.

The Results

Result One

Enhanced network and equipment significantly, increasing efficiency.

Result Two

Streamlined operations with Office 365, improved file sharing with clients.

Result Three

Reduced phone service costs and offloaded IT management to free up internal resources.

Partner Feedback

"MIS Solutions has been pivotal for Northbend. They've streamlined our IT, enhancing productivity and reducing costs. Their team offers consistent, responsive support, becoming an integral part of our operations. For us, MIS is not just a vendor; they're our IT backbone."
