

MIS Solutions - Non-Profit IT Case Study

YesHome | Single-location Integrated IT Partner

Objectives

WIFI was not working, needed newer equipment and a team to help with technology.

Challenges

Not able to work because of WIFI, network infrastructure was old, no technology consulting.

Solutions

Improved WIFI and overall network performance, and has help with technology management and consulting.

(513) 793 - 6222

The Results

Result One

Improvement with WIFI.

Result Two

Improved efficiencies.

Result Three

Team to help with technology.

Partner Feedback

"The YES Home has been a customer for several years. We now have confidence in our security and when we don't know what to do (which is pretty often), MIS responds in a timely manner to get us back online and back to business. We are a ways away from MIS and that has not stopped the quality and timeliness of service."

Amy Phillips
